PEIPING, Jan. 12.—Burying domestic differences in behalf of a common aim, the scattered armies of the Chinese Republic began to coalesce today in an effort to prevent Japanese annexation of Jehol Province to the territory of Manchukuo.

With 10,000 Japanese troops encircling the rich northern province, battering their way through passes in the Great Wall and converging on Jehol City by four routes in sub-zero weather, the commander of the powerful Chinese army in Shanxi announced he would throw his troops into the field in an effort to stem the advance.

### PA NEW OBSERVES

Chief of Police John Haven does not spend all his time in his office; should say not. Daily he travels to different sections of the city to see how "things are in general." Today he visited the different sections of the business district.

Only a few months ago it was a place of considerable activity but today it is silent, speaking of course of Elliott's bridge, Slippery Rock. All of the cottages are barricaded but watchmen are on duty to keep "unwelcome tenants away."

With a force of four men, Corporal Lawton and Patrolmen Cunningham, Sarko and Stoope, a close vigil is kept by the highway patrol almost every hour of the day on the various roads in Lawrence county. They are apt to bob up anywhere there is almost at any time.

It was quite a get-together at the North street school Tuesday night where former pupils of Martin Gantz school formed a permanent organization. The Martin Gantz school, one former pupil said was built in 1851 and one member present went to school there in 1863.

Carelessness with cigarettes almost brought another fire along North Mercer street this morning. From somewhere a burning cig was tossed into an awning above a store and a blaze resulted. The flames were extinguished before much damage was done.

Whether other states don't enforce their laws requiring new license plates when a new year comes or whether they extend the time limit on making that change isn't known, but Kentucky and Michigan 1932 plates were observed here yesterday.

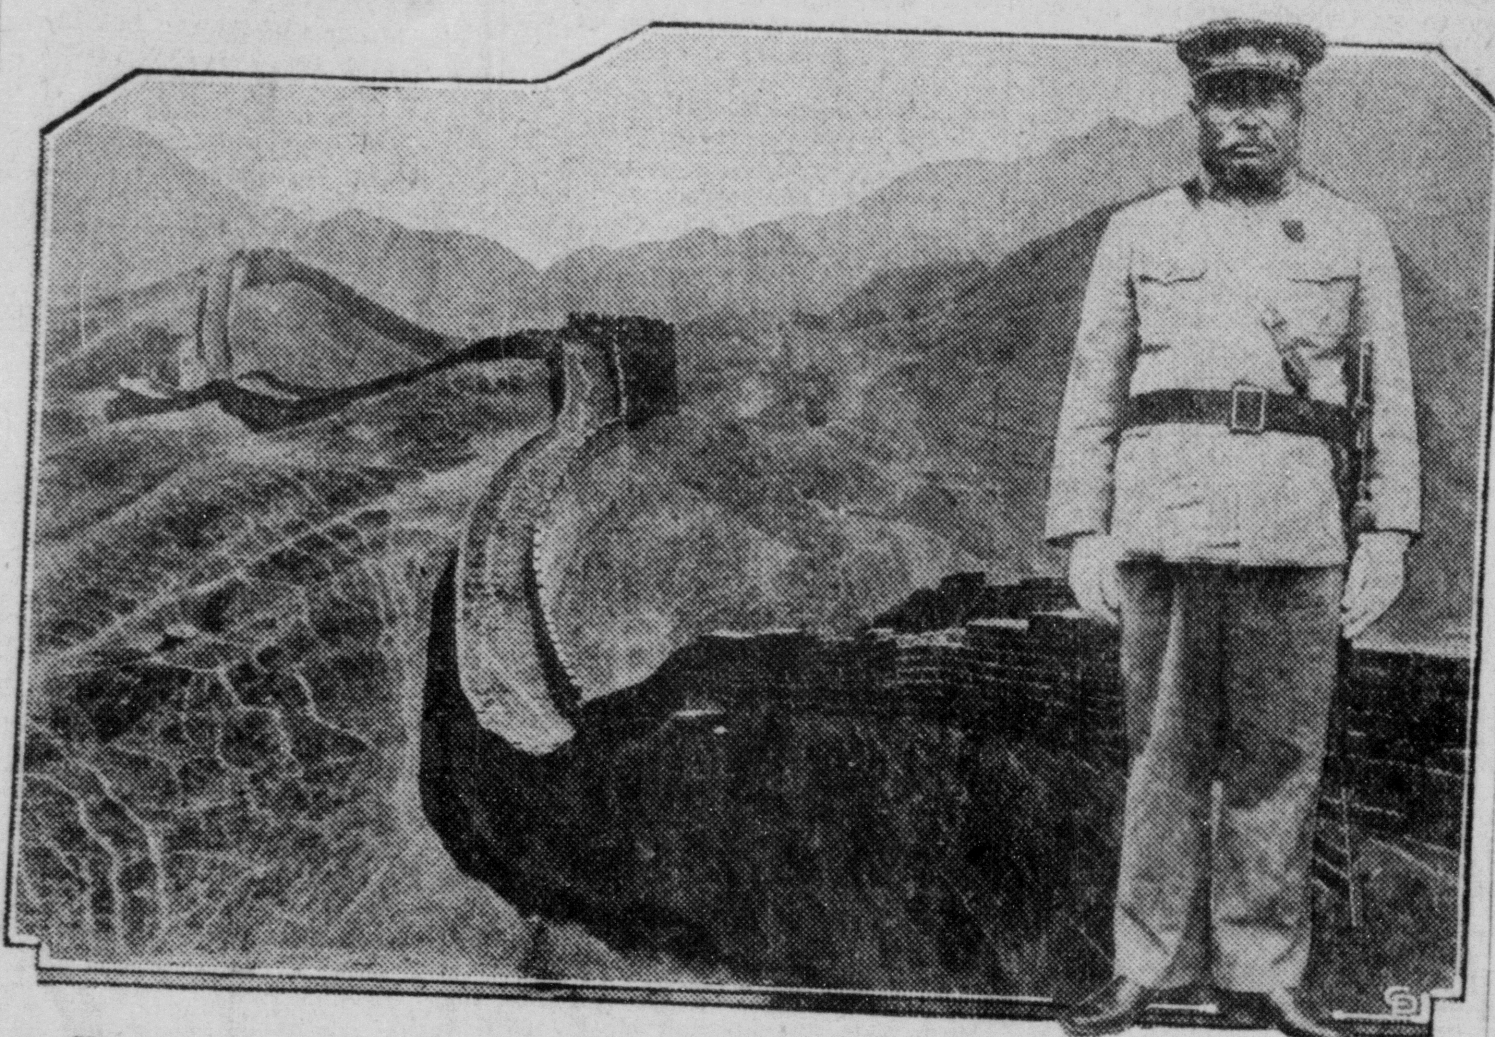

When J. Audley Boak, of Lawrence County was named state master of the grange, he also became an editor. By virtue of his office, Mr. Boak is now a writer.

### Japanese Battle For Pass In China's Great Wall

Here is a new view of China's Great Wall where the Japanese are battling for possession of Chienmenkow Pass, one of the important gateways into the province of Jehol. This picture was taken near Peiping, looking east from Nankow Pass. Inset, Tang Yu-Lin, Chinese governor of Jehol.

RICH TERRITORY

ABOUT TO FALL

(International News Service)  
PEIPING, Jan. 12.—Advancing in the teeth of heavy gales and sub-zero temperatures, 10,000 Japanese troops marched through Jehol province today, determined to occupy the capital and annex the rich northern Chinese territory to Manchukuo.

According to Chinese advices, four Japanese columns advanced against Chinese forces in the province and seized control of roads leading to the interior.

The main objective of the Japanese, operating from bases at Kailu, Chaoyang, Shichung and Yaowang-maio, was Chengteh, capital of Jehol.

If the Japanese are successful, an area the size of New York state, rich in resources and inhabited by 3,500,000 persons will be added to the Manchurian territory now controlled by Japan's puppet government of Manchukuo.

NEW YORK, Jan. 12.—Infuriated by a prolonged quarrel, Mrs. Gar-nett McCabe today shot and killed her husband, Everett, 45, vice-presi-dent of the United Parcel Service, in their midtown hotel suite, police re-ported.

The couple, according to detec-tives, had quarreled late last night and continued the argument this morning. In a fit of rage Mrs. Mc-Cabe fired one bullet from a .32 cal-ibre pistol at her husband.

The bullet pierced McCabe's brain, killing him instantly.

### Plan To Inaugurate "Share-The-Work" Survey In Lawrence County

Commencement  
At The Cathedral

Seniors Will Present Page-  
ant Instead Of Former  
Stereotyped Program

Commencement exercises of the present Senior graduating class at the high school, will be given in The Cathedral instead of the high school auditorium. Permission to make the change providing there was no cost to the school district was granted by the board at their meeting last evening.

Dr. C. G. Green, superintendent of schools, revealed the fact that an innovation in commencement exercises is planned by the graduating class of January 27. Instead of the old stereotyped style of program, a pageant will be presented.

Costumes for the pageant will be rented from the New Castle Con-sistory and because it is the policy of the organization that the costumes must not be permitted to leave the building, that the Cathed-ral auditorium will be used. A very handsome rental is being charged by the Cathedral Association for the use of the building which will be paid for by funds in the class treas-ury.

### Senior High Is Overcrowded Now

May Transfer Some Of Pupils  
To George Washington  
Building Next Semester

In spite of the fact that an ad-dition was constructed to the Senior High school only a few years ago, the building is again overcrowded. Dr. C. C. Green, the city superin-tendent of schools reported to the board last evening.

Dr. Green asked permission of the board to transfer some of the stu-dents to the George Washington Building next semester if it was found necessary to secure additional room.

At the present time, there are a few Senior High students going to George Washington, where they are making up some subjects in which they had failed.

At the present time, Dr. Green stated, the Senior High is over-crowded by 200 students, who should be taken care of elsewhere. The chemistry laboratory and cafeteria rooms are being utilized as report rooms, while many of the classes are badly overcrowded. Dr. Green stated.

HARRISBURG, Jan. 12.—Considered too opulent to be in tune with the times, Pennsylvania's motor license fund today was in grave danger of going over to the "profit-sharing" plan.

Because of its comparatively healthy condition, the fund has itched the palm and drawn the covetous eye of many assembly members who view a split of high-way stock as one means of relief for the taxpayers at home.

Only Gov. Gifford Pinchot's positive opposition stayed dipping hands at the 1932 special session when a group of legislators, led by Phila-delphia members, struck out for it as a treasure island that would solve the problem of providing unemploy-ment relief.

The move to raid the highway cof-fers at that time was defeated in the house after a bitter battle.

Renew Attack.  
Although omitted from the list of topics classed as major legislation in pre-session forecasts, the question of highway construction and financ-ing has already assumed a position of importance in the legislature.

Bills thus far introduced indicate another renewal of the trend to dip into the gasoline chest, this time in more subtle fashion. Unlike the sit-uation in the special session, when there was a concerted drive to draw upon the fund in one big lump, a (Continued On Page Two)

Pleasant Is Called The  
"Brains" Behind  
Bandits

(International News Service)  
GREENSBURG, Pa., Jan. 12.—Solution to nearly a score of western Pennsylvania robberies was claimed today by state po-lice here following the arrest of four men for the \$4,300 stickup of the Pleasant Union National bank a month ago.

Police stationed here said Unio-nate town state officers had linked the men with several smaller holdups in that city and in Conneville. Formal charges of bank robbery have been drawn up by the Greensburg officers.

Man Is Held.  
Three of the quartet were being held in Cleveland, where they were picked up last night by a state po-liceman from Greensburg and city officers. All have confessed, police here said.

In Greensburg jail was A. F. But-ler, 54, arrested near Mt. Pleasant. State police characterized Butler as the "brains" of the gang and said he also had confessed the bank hold-up.

Those held in Cleveland were Wade Hay alias Paul Perory, 22, of Iron Bridge; James Hay, alias James Taylor, 19, his brother, and Frank Detweiler, alias Frank Johnson, 25, of Mt. Pleasant. Nearly \$500 in cur-rency and silver was found in the possession of the trio, police said.

### NEW DEVELOPMENTS SPUR SLAYER HUNT IN SCHILDHAUER CASE

(International News Service)  
CHICAGO, Jan. 12.—Spurred on by discovery of a human blood stain in the building where Capt. Edwin O. Schild-hauer lived before his puzzling murder, police closely guarded the home today while a minute search of the interior was made for further clues.

Guards were placed in the three-story apartment building for the purpose of keeping the pretty widow, Frances, and her parents, Mr. and Mrs. George Birkinshaw un-der surveillance, Police Captain John Stege said.

Stege disclosed he is investigating

the possibility that the bandmaster was carried out of the apartment dead. His widow maintains that Schildhauer was abducted on the front sidewalk and forced into the automobile from which the body was later dumped in gangland fashion. The bloodstain was found on the right top post of the steps leading from the porch to the sidewalk. Ap-parent efforts to wash the stain away had reduced its size consid-erably, Stege asserted.

Dr. Clarence Muehlberger, coron-er's chemist, first said the stain was that of human blood but later said it would require 24 hours to make certain.

### McElwee's Bill Would Cut Salary Figure For Next District Attorney

Under the provisions of an act which will be presented to the gen-eral assembly next Monday night by Assemblyman William McElwee, Jr., the salary of the next district at-torney of Lawrence county and of all sixth class counties in the state would be set at either \$3000 or \$3500 depending upon which figure would seem most likely of passage.

The present act sets the salary of a district attorney of a county with a population between 90,000 and 250,000 at \$5000. This would mean that the next district attorney of Lawrence county would receive \$5,000 as the population shown by the census of 1930 is nearly 100,000. In addition, the act provides that the district attorney may appoint two assistant district attorneys solely upon his recommendation.

Present Salary.  
Lawrence county would not be af-fected under the present act setting the salary at \$5000 until the next administration due to the fact that the present district attorney was in office when the census was taken. The present salary is \$3150 coming under another act. Also, the dis-trict attorney may appoint an assist-ant district attorney only with the consent of the president judge.

He is not definitely decided what figure to name as the proposed sal-ary of sixth class county district at-torneys, but it will probably not be less than \$3000 nor more than \$3500. The latter figure would represent a savings of \$1500 per year to the county under the provisions of the act under which Lawrence county would come in the next administra-tion.

Attorney R. W. Hazen, chairman of the budget committee of the school board, reported to the board at their meeting last evening, that the budget committee is marking time for the present, waiting to see what action the legislature is going to take in reducing school costs, if any, before they act.

The committee has had one meet-ing, Mr. Hazen stated, and a gen-eral survey of school costs is being made at the present time, but little if any concrete proposals can be made now, owing to the uncertainty as to what the legislature is going to do in the matter.

Lawrence countians dis-proved the old Biblical adage that a "prophet is not without honor save in his own country" when on Wed-nesday night, seven hundred or more of them packed Westfield Grange Hall to the very last inch of its capacity to pay homage to their friend and neighbor, J. Audley Boak, new master of the Pennsylvania State Grange.

It was not a rural affair, it was not a city affair, it was a county af-fair with the guests drawn from every corner of Lawrence county, from New Castle from Ellwood and from the neighboring counties of Beaver, Butler, Mercer and Allegheny. It was a whole hearted public approval of the recent organ-ized action of 70,000 farmers of Penn-sylvania who by their delegates select-ed J. Audley Boak of Slippery Rock township as their leader for the two years to come.

A Group of Friends.  
The meeting Wednesday night might more aptly be termed a gath-ering of a few of Mr. Boak's friends, for apparently every man, woman and child present had a personal satisfaction in seeing their friend exalted to a high place. Speeches were made, all of them adulatory, but the most effective congratula-tions were those written upon the faces of the audience and reflected in the applause that greeted Mr. Boak.

Boak is now editor in chief of the Pennsylvania Grange News. The first issue under Mr. Boak's charge has just been distributed. It is quite a worthy publication.

During the snow flurry that struck the city this morning, a stranger decked in a colorful Hindu garb, walked about the streets. For those who saw him we might say it was Dr. S. R. Dhalwani, who hails from far away Bombay, India. The gentleman who knows Mahatma Gandhi, was here on a mission relative to his lecturing work. Well, about the weather, he didn't appear to mind it.

Today one of Pa New's reporters tried a prescription he has been giving other people and it worked very satisfactory. He took off the receiver and said to the Central operator: "State police?" The connection was made quickly.

Many autoists who have been sighting radiators of their automobiles today hurried to service stations on account of the swift drop in temperature. To prevent frozen radiators they had their tanks imbibed of non-freezing materials.

Scores of employees of the mayor's committee on relief are kept busy these days on account of the jobs in the Ray street quarry, Gaston park and the municipal golf course and Disposal plant grounds.

Parking violations have fallen off recently. Since the first of the year many automobiles have been missing from the streets. There is not much difficulty locating a parking place in the downtown business district during the day time.

City of New Castle can be just proud of its health record during December. Only 27 communicable cases were reported. There is some influenza cases here at present. However, influenza is not reported to the city health bureau.

## SEE NEW ATTACKS IN LEGISLATURE ON STATE MOTOR FUND

(Continued From Page One)

half dozen separate moves are afoot now. This diversity of opinion as to how the split-up should be effected casts the odds in favor of the highway assets.

One of the earliest undertakings projected in this direction is sponsored by representatives of the three largest cities in the state. Political and civic leaders from Philadelphia, Pittsburgh, and Scranton held conferences to chart legislation which would return larger portions of the gasoline tax and auto license money to these municipalities.

Approximately \$60,000 is returned annually to Scranton from the motor fund. The plan as initiated was to boost that figure to a quarter of a million. The return to the other two cities would be swelled proportionately.

Would Allocate Fund.

Similarly anxious to cut down local taxes, Senator Richard W. Williamson, Huntingdon, introduced a bill yesterday providing for an appropriation of 30 million dollars from the motor license fund to be allocated to cities, incorporated towns, boroughs, and first and second class townships on a basis of the number of miles in each sub-division.

Ten million dollars would go to Philadelphia, Pittsburgh and Scranton, or approximately \$2,000 per mile; five million dollars to third class cities, or about \$1,000 per mile; five million to incorporated towns, boroughs, and first class townships, or approximately \$500 per mile, and ten million to second class townships or about \$200 per mile.

"This will lift the major part of the road and street maintenance cost from every property owner in the state, whether he lives on the farm, in the borough, or in the city," Senator Williamson said in introducing the bill.

"In cities and boroughs it will practically eliminate the tax on property for street maintenance, and about two-thirds of the townships in the state will be able to forego tax on some property for road purposes."

Under Fire.

The highway department, too, is under fire from other sources. Senator George L. Reed has a bill in committee to set up a highway commission which would have charge of motor fund expenditures. Rep Fred C. Peters, Montgomery, is sponsor of a resolution to investigate the department to determine whether continuation of road building by the state under the present methods and system is feasible. The measure is before the senate, which failed to call it up yesterday for action.

The administration's view, on the other hand, is to have the state take over another 5300 miles of township roads. This plan, too, is designed to relieve the local taxpayer.

As in the special session, when his "hands off" was not a policy, but a warning, Gov. Gifford Pinchot still stands guard over the highway fund and insists upon its preservation.

(Continued From Page One)

each employee would get some of it and none would be entirely cut off from income. This plan has been found to be an economic aid over the country and in order to get Lawton county covered, Mr. Offutt called the meeting of Wednesday night.

The "share-the-work-movement" originated with President Hoover. In August, 1932, he called together a group of outstanding industrial men of the nation and laid his idea before them. Walter C. Teagle of the Standard Oil Company was asked to take the chairmanship of the movement and did so.

Has Had Effect.

Out of the movement has come a number of benefits where it has been worked. The strain upon charity funds has been somewhat relieved, the unemployed have been returned to their industries, although on shortened working time, purchasing power has been increased by dividing the money available for wages, and finally job sharing has come job security for the worker for he realizes that by sharing the work in slack times he is sure of employment in prosperous times.

The group gathered with Mr. Offutt Wednesday night pledged their support and cooperation to the movement in New Castle and the adjacent townships. Questioning was given each employer of 20 or more persons and on this questionnaire he will be asked to show the number of day rated employees, number of employees on payroll, average hours per man per week and some other information. This is to be shown comparatively, with the same information for 1929 being shown.

A further meeting of the committee will be called with probably a number of other persons called in to assist in the movement. Within the week, it is hoped that the questionnaires may be in the hands of the industrial heads and that the movement may be put into effect where it is not now being done. In some New Castle industries the "share-the-work" movement has been in effect for some time.

The strain upon charity funds has been somewhat relieved, the unemployed have been returned to their industries, although on shortened working time, purchasing power has been increased by dividing the money available for wages, and finally job sharing has come job security for the worker for he realizes that by sharing the work in slack times he is sure of employment in prosperous times.

The group gathered with Mr. Offutt Wednesday night pledged their support and cooperation to the movement in New Castle and the adjacent townships. Questioning was given each employer of 20 or more persons and on this questionnaire he will be asked to show the number of day rated employees, number of employees on payroll, average hours per man per week and some other information. This is to be shown comparatively, with the same information for 1929 being shown.

A further meeting of the committee will be called with probably a number of other persons called in to assist in the movement. Within the week, it is hoped that the questionnaires may be in the hands of the industrial heads and that the movement may be put into effect where it is not now being done. In some New Castle industries the "share-the-work" movement has been in effect for some time.

## Thieves Take Door Of Vacant Room On Square

Looks As If The Contractor May Get Some Help In Dismantling Buildings

Within the past few days thieves visited one of the vacant buildings on the public square site of the new post office and helped themselves to a door, all of which or some part of which, they at least must have need of. It begins to look as though the contractors on the job would receive considerable help in dismantling the buildings on the site in that manner.

In this instance, the thieves forced the rear door of the former Hanna Music store came up to the double front door of that room and using a homemade ladder they found in the adjoining room used by a shoemaker, took the pins out of the hinges, lifted off the half of the door with the lock and made away with it.

In order to protect the property,

the local postal authorities had to get a door, which was nailed over the opening made when the half a door was taken.

Some Conflicting Circumstances In Ducray-Swiderski Case On Trial

Following a visit of the jury to the scene of an automobile accident at Harlansburg, testimony got under way before Judge R. L. Hildebrand in court Wednesday afternoon. The case of Clovis Ducray of McDonald, Pa., against Charles Swiderski of Erie, Pa. The accident happened at the intersection of the Perry highway and the New Castle-Slippery Rock road. Mrs. Lulu Maud Ducray, mother of the plaintiff, was killed.

Testimony shows that Ducray was driving south on the Perry highway and Swiderski west on the New Castle-Slippery Rock road. There is a stop sign on the latter road east of the crossing, and conflicting testimony as to the observance of this sign by Swiderski. The cars came together about the center of the Perry highway.

# Hoover Appeals For Revision Of Bankruptcy Laws

President In Special Message To Congress Urges Immediate Action

SAYS SITUATION NEEDS ATTENTION

(International News Service) WASHINGTON, Jan. 12. — In a special message to congress, President Hoover Wednesday appealed for immediate revision of the bankruptcy laws.

The executive specifically recommended that debtors be enabled to get relief through protection of the courts without having to undergo the stigma of bankruptcy.

of his creditor to arrange an equitable settlement of his affairs, which upon approval of the court will become binding upon minority creditors.

It was proposed that the revision apply also to railroads and that in their case the plan of reorganization become effective only upon approval of the Interstate Commerce Commission.

The president asserted that if congress would take this action it would stop the innumerable forced liquidations through foreclosure and bankruptcy sale, which he declared are "utterly destructive of the interests of debtor and creditors alike."

**Matter Of Importance**

"In the great majority of cases," he said, "such liquidation under present conditions is so futile and destructive that voluntary readjustments through the extension or composition of individual debts and the reorganization of corporations must be desirable to a large majority of the creditors."

"I wish again to emphasize that the passage of legislation for relief of individual and corporate debtors is a matter of the most vital importance. It has a major bearing upon the whole economic situation in the adjustment of the relation of debtors and creditors. I therefore recommend its immediate consideration as an emergency action."

## Few School Gyms Open To Public

Committee Reports On Matter Of Throwing School Gyms Open To Youths

Only two public school gymnasiums are adaptive to use by the youths of the city, the special committee named by the board recent to inquire into this matter revealed in their report to the board last evening. These are the Lincoln and Garfield and Mahoningtown school gymnasiums.

The other gymnasiums in the Junior High and Senior High buildings, are in use practically every night and Saturday mornings.

The gymnasiums at the Arthur McGill and Rose Avenue buildings have been discontinued, it was reported.

Regulations governing the use of the two gymnasiums available were drawn up by the committee. These require that a small fee be paid for the use of the rooms, and the signature of a responsible citizen that he will accept responsibility for any damage done.

The committee was composed of Messrs Hyde, Bauman, and Cleland.

## Campus Committee Of Co-Eds Is Reorganized

(Special To The News.)  
NEW WILMINGTON, Pa., Jan. 12.—The campus committee, women's governing body at Westminster college, has been reorganized recently with new by-laws adopted to aid in the enforcement of college rules among women students.

The campus committee cooperates with college authorities in enforcing rules. Violations reported are reviewed by the organization and terms of punishment are decided upon. Only in cases of suspension from school are parents notified of such actions, but students involved are notified in writing of all terms of punishment.

Present members of the campus committee are: Elizabeth Curtis, Carnegie, chairman; Dorothy Bigham, Bellevue, secretary; Virginia Welch, Crafton; Marian Johnston,

Carlton; Ruth Weller, Pittsburgh; Olive Mills, Bellevue; Jean Miller, Bradford; Evelyn Judson, Rural Valley; Jane Black, Butler; Ruth Russell, Youngstown, O.; Lillian Baird, Carnegie; Helen Snyder Greensburg; Thelma Dummire, Kittanning; Jean Mankedick, Connoquenessing; Lucille Nevin, Monongahela, and Dorothy Johnstone, Munhall.

The by-laws state that the organization shall be composed of women residents of the dormitories, and shall be in a ratio of six seniors, five juniors, three sophomores and two freshmen. Members are elected by vote of the classes.

A progressive system of membership provides that each member serve two successive years. Members of the committee who are guilty of breaking college rules, are automatically dropped from the committee.

There does not seem to be any greater rush to get dog licenses than there is to pay taxes. With eleven days of January checked off on the calendar, less than 500 licenses have been issued at the office of County Treasurer William O. Pitts. As there are about 6000 dogs in the county, and all are supposed to be licensed by January 15th, it looks as though there is likely to be a great rush of dog owners during the last few days.

Millions of housewives have found that, by mixing their own cough medicine, they get a purer, more effective remedy. They use a recipe which costs about one-fourth as much as ready-made medicine, but which really has no equal for breaking up obstinate coughs. From any drugist, get 2½ ounces of Pinex. Pour this into a pint bottle, and add granulated sugar syrup to fill up the pint. The syrup is easily made with 2 cups sugar and one cup water, stirred a few moments until dissolved. No cooking needed. It's no trouble at all, and makes the most effective remedy that money could buy. Keeps perfectly, and children love its taste. Its quick action in loosening the phlegm, clearing the air passages, and soothing away the inflammation, has caused it to be used in more homes than any other cough remedy.

Pinex is a highly concentrated compound of Norway Pine, famous for its healing effect on throat membranes. It is guaranteed to give prompt relief or money refunded.

**Old Lockers At Senior High To Be Theft Proof**

Will Be Strengthened By Additional Of Metal Strips Around Door Edges

Superintendent of Grounds and Buildings, S. G. Ligo, was authorized to place metal strips around the doors of the old lockers at the senior high school, to make them theft proof, by the school board at their meeting last evening.

It was revealed that there has been an epidemic of thieves from the lockers, not only at the senior high, but in other buildings.

The old type of lockers can easily be entered by a strong boy, it was stated, as they can grasp hold of the top of the door and spring it open. A strip of steel, which cannot be bent, will be riveted around the door frame, so that the locker cannot be entered in this manner, a test having proven the efficacy of such a procedure.

## WHITER! YOU BET I GET MY WASHES WHITER

**"One big box goes so far," says Mrs. A. Williams of Philadelphia**

I NEVER saw a soap that goes as far as Rinsol does. With a single large package of Rinsol I did a big wash for my family of 5, washed the dishes, sinks and tubs 6 times and still had quite a lot of Rinsol left. Here is some of the washing I did:

1 bed pad	6 dish towels	4 nightgowns
3 bureau scarfs	27 handkerchiefs	1 apron
1 face cloth	27 children's dresses	8 pairs socks
6 napkins	28 pairs children's stockings	4 pieces underwear
6 pillow cases	6 pieces children's underwear	4 nightclothes
8 sheets	8 children's nightclothes	8 shirts
1 table-cloth	2 house-dresses	

Cup for cup, Rinsol gives twice as much suds as lightweight, puffed-up soaps. Rich, creamy, long-lasting suds—even in hardest water. No softer needed. Rinsol is safe for your finest cottons and linens. Women say clothes last from 2 to 3 times longer!

The makers of 40 famous washing machines recommend Rinsol. Great for dishes—loosens grease in a flash—easy on hands. Get the BIG package of this famous hard-water soap today.

### Observations In 7th Ward

One of the best charts of the Pymatuning reservoir as it will be when completed is to be found at the Seventh ward fire station. It illustrates just how much ground will be covered by water.

## COLDS GO THROUGH 3 STAGES!

And They are Far Easier Stopped in the First than in the Second or Third!

A cold ordinarily passes through three stages—the Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. Relief is twice as easy in the first stage.

For prompt relief take a couple of Grove's Laxative Bromo Quinine immediately upon catching cold. This will usually expel the cold over night and thus prevent the spread of the infection within your system.

Grove's Laxative Bromo Quinine is effective because it does the four things necessary. It opens the bowels. Kills the cold germs and fever in the system. Relieves the headache and grippy feeling. Tones the entire system and fortifies against further attack.

Grove's Laxative Bromo Quinine contains nothing harmful. May be safely taken by young and old and whether you stay indoors or go out. There is absolutely no penalty attached to its use. For more than 40 years it has been the standard cold and grippy tablet of the world. The formula keeping pace with modern medicine.

Grove's Laxative Bromo Quinine now comes in two sizes—30c and 50c. Get yourself a package today and be ready for any cold that may come along. Say "NO" to a substitute!

NOTE: During Epidemics a tablet or two of Grove's Laxative Bromo Quinine every morning and night will do much to keep your system immune.

# TO FIGHT FOR FORTUNE FOR REYNOLDS' BABY

## Legal Battle To Be Inaugurated

Inheritance To Be Sought For Son Of Libby Holman Reynolds

TINY BABY SEEMS TO BE IMPROVING

(International News Service)  
NEW YORK, Jan. 12.—Plans for a legal battle to insure the son of Libby Holman Reynolds, a portion of the trust fund set up for Zachary Smith Reynolds by his father R. J. Reynolds, founder of the tobacco fortune, got under way today as the baby lay in an incubator in Pennsylvania hospital, Philadelphia.

Arnold J. Brock, attorney, announced his first move in the awaited inheritance fight will be an attempt to obtain approximately \$3,000,000 income that has accumulated from the trust, and then move for possession of the \$15,000,000 fund itself.

May Contest Will

One-third of the accumulated interest, Brock said, will be claimed for the former Broadway "torch singer" and two thirds for the child. Brock expects to confer, within a few days, with Mrs. Reynolds and attempt to decide whether to contest the will of Smith Reynolds, mysteriously shot to death on his North Carolina estate last July 6.

The will has not been probated. Brock indicated a contest of the will may be on the grounds Reynolds was not a resident of New York, where the instrument was executed, or on the grounds that being made before Reynolds' marriage it is invalid.

Baby Is Guarded

PHILADELPHIA, Jan. 12.—Guarded by city police, Libby Holman Reynolds' three and a half pound babe slept blissfully away in his incubator-like bed in Pennsylvania hospital here, unaware that he was the subject of a legal battle brewing today over the will of his dead father, Smith Reynolds.

Old Doctor Escapes Serious Gall Bladder Operation

An old German physician, Dr. H. E. Hildebrand, many years ago was severely suffering from what appeared to be a Gall Stone Trouble. He was frequently subject to colic attacks, gas pains, indigestion, pain in sides, back and around the liver. Rather than submit to an operation, he decided to treat his own case. So successful was he in his efforts, he prescribed the same treatment to other sufferers. The amazing results they reported is convincing evidence of the merit of this preparation. Through the Dr. Hildebrand's Laboratories, 155 N. Union Avenue, Suite 380, Chicago, Ill., suffers from Gall Stone, Gall Bladder and allied Liver and Stomach ailments everywhere may obtain a test of this splendid treatment free by writing to the above address at once.—Advt.

## Libby Holman Reynolds Has Son

Although in a highly nervous state, Mrs. Libby Holman Reynolds was reported by physicians to be in a satisfactory condition following the birth of a son in a Philadelphia hospital. The child is to be named "Smith" after his dead father. The child is expected to inherit the \$15,000,000 estate which would have gone to his young father, heir to the Reynolds tobacco millions. Mrs. Reynolds plans to return to the state, according to the latest reports.

his incubator-like bed in Pennsylvania hospital here, unaware that he was the subject of a legal battle brewing today over the will of his dead father, Smith Reynolds.

City police were detailed to guard the hospital when kidnap threats were revealed against Ann Cannon Reynolds, child of the first wife of the son of the tobacco family, from whom he was divorced. It was also reported Department of Justice agents had been asked to maintain a watch over the infant.

**Healthy Baby**

Hospital officials announced the infant was "perfect healthy" and normal for a premature baby. Dr. Norris Vaux, who attended Libby at childbirth, and Dr. Charles A. Fife, who has since taken over care of the infant, both reported there was every indication the babe would develop into a healthy, normal boy.

Libby's room in the hospital was a bower of flowers. Many of the boxes came from friends unknown to her. With her constantly was her mother, Mrs. Alfred Holman, of Cincinnati. Her father was expected today.

Dr. Vaux said Libby, the former Broadway singer, had "reacted normally" and there were no complications. She was expected to remain in the hospital for at least another two weeks. The infant will remain longer for physicians have already decreed it must remain in its "hot bed" abode for almost a month.

## Better Than Soda for Stomach Agony

Certainly repeated trials have shown you that soda can not be counted on to end your stomach agony. And magnesia is no better. If you really want to get rid of stomach distress, forget these so-called alkaline digestants and just take a tablespoonful of artificial stomach juice, or Mentha Pepsin, with your meals. The difference is magical. No gas. No pain. No bloating. No unpleasant symptoms of any kind.

You can absolutely count on Dare's Mentha Pepsin. Money back, says Eckerd's Drug Store, any time it lets you down.

## Emma B. Moore Is Honored By Luncheon Today

Y. W. C. A. Staff Member Concludes Tomorrow 33 Years Of Work

In compliment to Miss Emma B. Moore, who has been engaged in work with Young Women's Christian Associations for the past 33 years in Harrisburg, Terra Haute and New Castle, members of the Friendly Service committee and Modern Cinderella club met for luncheon this afternoon in the new third floor club room of the local Y. W. C. A. building.

Miss Moore, who has been executive secretary of the local Y. W. C. A. International Institute for the past several years is retiring from the work on Friday of this week. During her period in service she has won a large coterie of friends. She has done splendid work with the foreign-born women and girls of the community in past years and since last September has taken on the added job of helping unemployed women and girls find jobs. She has consulted with scores of unemployed girls and helped them find ways out of their problems.

Luncheon was served at 12:30, with Miss Moore seated at the head of the table as the honor guest. Although Miss Moore is ending her staff work, the Y. W. C. A. hopes that she will continue as a volunteer worker. Both committees at the luncheon cordially invited her to become a member of their groups.

## Presbytery Confers On Budget For Year

Synodical Heads Map Out Program Of Every Member Canvass For Presbyterian Churches

Forty-two churches of the Shennango presbytery were represented by pastors and laymen Wednesday afternoon in the Central Presbyterian church when Dr. Charles B. Winger, pastor of the host church and chairman of the promotional and field activities committee, called a meeting for the consideration of the budget for the year 1933-34.

The meeting was known as a "morning" conference and Dr. William M. Cleveland, synodical executive, gave an inspiring address and in the course of his remarks said the churches were all in good condition, considering the times the country is passing through.

Dr. Herman C. Webber of New York City outlined different methods of conducting the every member canvasses in the churches and from his suggestions plans were made.

**METHODIST MEN HAVE MEETING**

Members of the Brotherhood of the Methodist church held a get-together meeting in the church dining room on Tuesday evening when the Ladies Aid Society served a delicious oyster supper to the eighty men who attended.

After the meal a very pleasant program was carried out with Prof. Vaux of Whitman acting as chairman. Dr. H. L. Black lead in the singing and was assisted by the church orchestra and Rev. E. D. Hulse gave a most interesting talk on some of his experiences as a minister. The main address of the evening was given by A. T. Kissinger of New Castle who spoke most earnestly regarding the necessity of the men of the church to prove faithful and loyal to the church and in their daily living. Mr. Kissinger also recited a number of poems of his own composition and his talk was greatly enjoyed by all who attended the meeting.

Rev. E. O. McNulty the pastor was unable to attend due to the fact that he has been confined to his home for several days with illness. A short business meeting was held at the close of the meeting and the following committee was named to have charge of the next meeting, C. B. White, Fred Williamson, and Walter Shaffer. The members also decided to set aside Monday evening of each week and assemble in the Sunday school room of the church for a season of prayer.

## PAIN DEADENED CHEST COLDS LOOSENED WITHOUT DRUGS

Get quick relief from neuralgia pain, sciatica pain, neuritis pain, rheumatic pain, lame back, stiff neck, headache, strain, and chest colds by rubbing plenty of Baume Bengue (pronounced Ben-Gay) on the spot. It doesn't blister or stain. Rub it in till it sinks down and soothes the pain or breaks up the chest cold. Take no drugs, for any drug that is powerful enough to "deaden" pain or loosen a chest cold may not be good for you.

But beware of imitations. Ask your druggist for Baume Bengue by name (called "Ben-Gay" in English). There are many analgesic baumes, mostly cheap imitations of Ben-Gay made out of synthetic drugs. That is why they are cheap. That is also why they are ineffective. Insist on Ben-Gay and you will get real results.

## BANDITS HOLD UP SERVICE STATION

### New Castle To Face Toughest Foe On Friday

**Coach Bridenbaugh Hopes To Have New Castle High Team At Top Speed**

#### NEW BRIGHTON IS CONFIDENT

New Brighton high school basketball team for a great many years has harbored a desire to defeat a New Castle floor team, and haven't been very successful in doing this—that is, New Castle has had some cracker-jack quintets and New Brighton has been forced to sit by and take their annual lippings.

This is another year and New Brighton will come to Washington high gym Friday night brimming full of confidence that this is the year they make the New Castle team accept defeat. That 23 to 16 victory over Butler high last week just put the valleys in the right spirit and they would not be adverse to seeing New Castle dangling on the same line.

**Preliminary Game.** There will be a preliminary warm-up for this important battle, and the first game starts at 7:15 o'clock, bringing together New Castle reserves and New Brighton reserves. This should be a good game.

Coach Philip H. Bridenbaugh is not altogether pleased with the outlook for Friday night. He knows that New Brighton will bring a powerful team, and he knows also that New Castle will have to play better basketball than they have been playing to defeat the invaders. Captain Johnny Uram and Teplica will handle the forward posts with Archie Ridley at center and Reber and Komic at the guards. This is the same lineup that won from Rochester last week 31 to 8. If this New Castle team can get clicking they will be hard to stop, but they must get more snap in their passes.

**Purses Fixed.** Faculty Manager Gardner announced today that the referee will be Davey Fawcett, the Westminster star of several years back. Fawcett is a very fine official. Tickets for the New Brighton game are going better than for any of the previous games. The admission prices, in case you don't already know, are 15 cents for students, adults in the balcony 25 cents and reserved seats in the downstairs section for 35 cents.

### Cosmos Defeated By Youngstown

New Castle Cosmos basketballers suffered a 35 to 10 defeat last night at the hands of the Youngstown Y. M. C. A. team in the Jewish league at Youngstown. The score at the half was tied at 14 all. Franklin, S. Levin and Rogovin were the best bets in the Cosmos lineup, while Friedman was the main scorer for the Youngstown team. The Cosmos won the game played here earlier in the season.

**The summary:** Youngstown 35 S. Levin ..... F. Friedman 15 Hy Levine ..... F. Friedman 15 Ginsberg ..... C. J. Shaw 10 A. Plant ..... G. M. Shaw 10 Rogovin ..... G. M. ### HERE AND THERE IN SPORTS' LAND

Geneva's basketball calendar has been revised. Eighteen games are listed for the Loefflermen and of the dozen and one half, 10 of them will be played at Geneva. The Titans will play at Geneva January 19 and at Grove City February 3.

Ray Mangrum, young Texan, led in the first day's play in the \$7,500 Agua Caliente open golf tournament. He shot a 35-34-69 to take a one-stroke lead over the field.

Baltimore Orioles have sold Beryl Richmond, left-handed pitcher, to the Chicago Cubs. The sale price was not announced. He won 12 and lost 14 for the second place Orioles last season.

Jack Dempsey mingled with the lawmakers at Harrisburg yesterday in an effort to have the number of rounds in boxing bouts in this state extended to 15. A bill to that effect has been submitted.

### Franklin Bens Trim Midland

**Franklin Big Ben Basketball Team Noses Out Midland High 23 To 22**

Franklin Big Ben basketball team coached by Emmett Gillaspie traveled to Midland Tuesday night and nosed out the Midland high school, W. P. I. A. L. basketball team 23 to 22 in a fast and exciting game. Last year Midland defeated the Franklin team 32 to 31. The Franklin team led at the half 15 to 8. The third quarter was 19 to 16 in favor of the Franklins.

The play was nip and tuck for the final period, with the Midland team striving desperately to overtake the Franklins. With only seven seconds of the game remaining Midland led 22 to 21 and it looked bad for Franklin, but Llewellyn flipped the ball through the hoops just as the gun ended the game. Llewellyn was the big star of the game with 12 points.

### County Church League Games

Three games were played last Monday in the Slippery Rock-Shenango Church Basketball League, with the following results: Oak Grove beat Savannah 23 to 18; Harmony topped Mt. Hermon 23 to 14; and Center trimmed Calvary 28 to 21.

The games next Monday night will be as follows: Center vs. Oak Grove; Calvary vs. Harmony; Mt. Hermon vs. Savannah.

### Grove City Awaits Westminster Game On Friday Night

GROVE CITY, Jan. 12.—The Grove City floor squad finishes its preparation tonight for the feature game of the home season, and awaits the evening of Friday the 13th with misgivings. The uncertainty over Captain Fegley, whose sprained ankle is still giving trouble, and the jinx which has followed the Grovers in games with Westminster for the past five years is causing Coach Bob Thorn much concern.

The same lineup that started the Duquesne game will be Coach Thorn's selection to oppose the Titans, unless Fegley should be allowed to start in place of Carl Deems. The squad has been drilling behind closed doors this week, perfecting an offense designed especially to pierce the Titan's defense. In view of Westminster's victories over Duquesne and Edinboro, Coach Thorn has pointed his players for their hardest game of the year.

Friday's game will be the 42nd basketball meeting of the rival schools. The Grovers have the edge on the long series, having won 22 games to 19 for the Titans, but the Crimson victory one year ago was the first since 1927. The schools divided honors in 1902, the first year of competition, and Grove City held a big advantage until 1928, when the Titans started an unbroken string of wins which lasted until last January. One year ago the Grovers eked out a 23-22 victory in a game featured by the center duel between Brownlee and Hamilton. Both centers are out of school, and while Grove City has a veteran club, the Titans have demonstrated plenty of class since losing the opening game to Edinboro.

### Shenango And Union Carded

**Big Game On Union Schedule Will Be Played At Union High Gym Tonight**

Tonight is the big night at the Union High gym when Coach Dave Boyd sends his Union High basketball team against the fast Shenango High team in one of the most important games of the season. The Union and Shenango girls will play the preliminary game at 7:30 o'clock.

Union High fresh from their defeat of the East Brook team will strive for a victory tonight over the Shenango boys coached by Ed Raney. This is the big game on the schedule of both teams. Union has been woefully weak at the foul line, and have caged six out of 30 attempts in their last two games.

**Expect Big Crowd.** Basketball fans in Union township are quite upset about this game to night, and when game time rolls around there is bound to be a big crowd on hand. Coach Boyd gave his Unionites a final looking over yesterday afternoon and pronounced them fit and ready for the tough engagement that awaits them. Coach Raney also sent his Shenango High team through a signal drill yesterday afternoon.

### New Salary Limit For Minor League

(International News Service) NEW YORK, Jan. 12.—After 21 fruitless sessions in three months, a new all-time high of unaccomplishment—club owners of the International league today have finally accomplished something. They have stripped the rubber off the bank roll by raising the salary limit from \$6,500 to \$8,500 a month; they have unanimously adopted a play-off system patterned after hockey and the American association plan; put through a 168-game schedule; decided the season would start April 12 and have inaugurated a system of Sunday double-headers.

The New York Yankees, owners of the Newark franchise, forced through the player-limit and salary limit deals to take care of their high-priced stars. And old George Q. Depression put through the play-offs and double header racket.

There will be a meeting Saturday afternoon at 3 o'clock at the Armory floor of all managers of midget basketball teams in the city and county. The meeting has been called to make plans for the holding of a midget tournament. Captain Harvey Binkim will be in charge of the meeting. It is also likely that a league of some sort may be organized. Bill Cooper is assisting Binkim.

### Ants Eat Away Doors Of School

Believe it or not, but white ants or termites ate away the doors at the entrance of the Ben Franklin Junior High school, causing several hundred dollars worth of damage.

This fact was revealed at the meeting of the school board last evening, when a bill for the damage was presented. It is probable that the larvae of the ants was in the wood when the building was built, and they have been working away heartily for years. Recently one of the doors collapsed and it was found that the ants had eaten away the inside of the doors and frames, leaving nothing but a shell. Several of the specimens were shown to the board at the meeting last evening.

### ELKS PARTY WILL GO TO FRANKLIN

**Lodgemen To Join District For Borland Testimonial On January 26**

A party of New Castle Elks, representing Lodge No. 69, will attend the public celebration honoring James B. Borland, Franklin, the oldest living district deputy to the Elks' grand exalted ruler, when it occurs at Franklin on January 26. It was decided at last night's meeting of the lodge.

Borland, a Franklin newspaper publisher, has long been active in the work of the northwestern Pennsylvania lodges. All sections of this part of the state will send representatives to the testimonial. The New Castle lodge made preliminary arrangements last night for a party which it will sponsor as a benefit for the Lawrence county chapter of the American Red Cross either late this month or in early February. Exalted Ruler John D. Hite named a special committee to work with the county Red Cross chairman, Harry Alexander.

### Attempt Made To Block Arrival Of Professor Piccard

**Certain Societies In New York Working To Prevent Landing Of Scientist**

(International News Service) NEW YORK, Jan. 12.—An effort to block the entrance to this country of Professor Auguste Piccard, Swiss scientist and balloonist, was revealed today by his agent before the professor's arrival on the French liner Champlain.

Dr. Piccard was accused of being inhuman by officials of certain societies for the prevention of cruelty to animals on the basis of a recent news story to the effect that one day he had added the teeth of a neighbor's dog pulled to prevent it from biting his children.

Told of this aboard the ship due to arrive today, Dr. Piccard wired his agent as follows: "I am a great lover of animals. Original story is I pulled thorns from garden rosebushes so children would not be scratched. Imaginative and insatiable journalists substituted dog for rosebush and teeth for thorns."

In Yesterday's Big  
Market

(International News Service)

NEW YORK, Jan. 12.—The stock market went through alternating periods of strength and reaction in the forenoon today with trading much below yesterday's activity.

The opening was irregular but the list turned upward in the first hour, stimulated by a fresh rise in bonds and strength in commodities, particularly cotton. The latter rose 50 cents a bale while wheat was firm.

A more cautious attitude ruled speculative circles, however, as a result of yesterday's late sell-off. This restricted buying demand. The first hour rally failed to carry through as a result and the list turned irregularly downward again. Rubber stocks were taken in hand and whirled up under the leadership of Goodyear, which at one time was up nearly 2 points. General Motors again showed persistent buying but in less volume than yesterday. Du Pont strengthened with General Motors.

American Telephone was sluggish, and went down easily. Steel stocks likewise marked time, as did other pivotal issues like American Can and Consolidated Gas. Railroad stocks had a momentary period of strength on an upturn in N. Y. Central but here, too, gains were small and demand not aggressive.

Pullman was aided by payment of the regular dividend yesterday while Reynolds Tobacco B was steady on the 1932 report which showed the dividend more than earned. Procter &amp; Gamble was a weak spot, losing more than 2 points.

New York Trunk  
Murder Solved;  
Suspects HeldTwo Negroes Confess To  
Beating Man To Death  
And Rifling PocketsBODY IS FOUND  
IN BIG TRUNK(International News Service)  
NEW YORK, Jan. 12.—To police kindness and the gift of a dollar bill to a prisoner, authorities today attributed rapid solution of a brutal trunk murder.

Victim of the slaying was Nathan Reigrod, 50. His body stuffed into a trunk after he allegedly was beaten to death by two Negroes who robbed him of \$40, was discovered in Richmond, Va., by authorities acting on information sent from here.

Police held Henry Edmond, 38, and John Tinsley, 25, in connection with the murder. According to detectives, the two Negroes attacked Reigrod in the basement of a tenement he owned in the Bronx and rifled his pockets.

Edmond, the janitor, was questioned when Reigrod's family became alarmed at his disappearance. The Negro denied knowledge of Reigrod's whereabouts and was released. Subsequently detectives questioned him after giving him \$1 to buy breakfast.

Richmond, Va., Jan. 12.—Authorities today were holding the body of Nathan Reigrod pending arrival of New York City police. The body of the murdered apartment house owner was found in a cheap trunk as told in the confession of a Negro at New York, formerly employed by Reigrod.

Reigrod's head had been badly battered. His body was wrapped in a quilt, and the trunk lock left open.

## Insurance Men Claim Coolidge Knew Condition

Former President Was Considered "Poor Risk" By Insurance Companies

### HEART TROUBLE KEPT SECRET

(International News Service)  
NEW YORK, Jan. 12.—The report, current in insurance circles, that the late Calvin Coolidge had been secretly suffering from heart trouble which made him non-insurable, was confirmed today by an executive of an insurance association who requested his name not be used.

"It was well-known in the trade that a heart ailment marked Mr. Coolidge as a poor risk and none of the larger insurance companies would issue a policy to him," the executive said.

"How long Mr. Coolidge suffered from his condition is unknown." A fellow officer of the New York Life Insurance company, of which the ex-president was a director, said that among most of the officials of the company there was as much speculation as to the amount of Coolidge insurance as elsewhere.

"Of course, even if I did know, I could not make the matter public as

this course is against the company's policy," he added.

This executive likewise declined to discuss the report that Coolidge recently had been turned down on an application for a \$200,000 insurance policy.

"Although the premium is high, a man can obtain life insurance up until he is 64 years of age without any trouble providing he is physically fit," he said.

Coolidge was 60 when he died.

## Fine Modern Home On Butler Road Is Destroyed By Fire

Origin Of Blaze Is Unknown  
As Home Had Just Been  
Vacated

Fine modern frame dwelling belonging to William Shellenberger and located adjoining his own residence on the Butler road, near the scene of the shooting of Corporal Brady Paul, was destroyed by a fire of unknown origin between 2 and 3 o'clock this morning.

The home had been rented until a few days ago and was vacant at the time of the fire.

The fact that it was on fire was discovered by motorists who were passing and spread the alarm. The building was a five room frame dwelling that was constructed at a cost of \$5,000, according to the owner.

It is believed that the loss is partially covered by insurance.

## ROAMING

With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

It's a pleasant thing to be able to shower honors on your friends, to join with more friends to pay homage to a neighbor who has been given the accolade of leadership in some large organization. That's one advantage of being a friend.

Last night the neighbors of J. Audley Boak and by this I mean his neighbors all over the county, filled Westfield grange hall to the ultimate of its capacity when they gathered to tell him how pleased they were that he was now the head man of the state grange.

It is something when any state organization picks a man to head it, whether the organization be civic, fraternal, religious or political. In the past Lawrence county has been honored in having some of its citizens picked as the state head of an organization.

The late Percy L. Craig was the state head of the Sabbath School association, Frank J. Perry and Captain C. B. Phillips were at different times state head of one of the branches of the Masonic fraternity, T. Bert Iman was state president of the F. O. E., Walter Duff is head of the Association of Second Class School Districts, Dr. W. Charles Wallace was head of the 33rd district of Rotary which is Pennsylvania, Dr. Mildred Rogers was state president of the Business and Professional Women's clubs, and now J. Audley Boak is made master of the state grange with its 70,000 farmers as members.

There was little formality about the party at Westfield last night. Nobody wore a silk hat, although Boak did have on spats, but they may have been on to keep his shins warm. It was pretty cold. As far as is known these are the first spats in Slippery Rock township.

It was a friendly sort of a party where everybody called his neighbor by his first name, and walked over the other fellow's feet. Couldn't be helped because of the crowd. But it was worth waiting in that crowd to get a shot at some of those home made cakes.

Westfield church yard looked like a parking ground at a county fair. Plenty of cars there, and in order that there might be no confusion or accidents a state highway patrolman was on the job to keep things straight.

## THIS WOMAN LOST 35 LBS. OF FAT

Miss M. Kainer of Brooklyn, N. Y., writes: "Have used Kruschen for the past 4 months and have not only lost 35 pounds but feel so much better in every way. Even for people who don't care to reduce, Kruschen is wonderful to keep the system healthy. I being a nurse should know for I've tried so many pills but only Kruschen answered all purposes." (May 12, 1932.)

TO LOSE FAT SAFELY AND HARMLESSLY, take a half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—don't miss a morning—a bottle that lasts 4 weeks costs but a trifle—but don't take chances—be sure it's Kruschen—your health comes first—get it at New Castle Drug Co., Eckerd's Drug Store, or any drugstore in America. If not joyfully satisfied after the first bottle—money back.

With his assistance, the police finally rounded up George Ritchie of 606 Court street, whom he identified as his assailant.

Brest, Roy A. Long and P. H. Scanlon had authorized trucking service originating in New Castle and contiguous townships, but prohibited transportation of goods from this area to points of destination on rail or motor truck lines serving both New Castle and the point of destination. Those certificates were cancelled and new certificates issued authorizing trucking service between points in New Castle and contiguous townships, and contiguous townships, and contiguous townships to points of destination in the counties of Mercer, Lawrence, Beaver and part of Butler, with the additional right to transport household goods and baggage from New Castle to any point in the state.

## WAKE UP YOUR LIVER BILE—

WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

It you feel sour and sunk and the world looks punk a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.
